Southwest Licking Community Water & Sewer District: General Manager

The Southwest Licking Community Water & Sewer District has an opening for a General Manager. Interested candidates should submit a resume and cover letter to Larry Kretzmann, President of the Board of Trustees.

PAY RANGE: dependent on experience and qualifications

JOB SUMMARY

This is a management position responsible for the daily operations and activities of the district, as well as the implementation of Board actions and initiatives.
ESSENTIAL JOB FUNCTIONS

Attends
and reports on significant district activities and actions.
Reviews
and recommends to the Board resolutions to customer complaints.
Researches
policy, account history, or any other information requested by the Board.
Recommends
policies or policy changes to the Board for consideration.
Facilitates
coordination between the Office Manager and all departments.
Interviews
and recommends employees for positions to be approved and authorized by
the Board.
Represents
the district at local functions and participates in or on committees,
organizations, and professional conferences.
Coordinates
and performs as lead presenter at district public information meetings.
Responsible
for the preparation of district information correspondence distributed by
the district.
Acts
as district representative in supervising and coordinating the performance
of consultants and/or contractors on facility and infrastructure
improvement projects.
Responsible
for the preparation and review of associated legal, financial, and
engineering documents.
Acts
as district representative and main contact for funding agencies and
regulatory agencies regarding the financing and permitting of facility and
infrastructure improvement projects.
Reviews
and approves construction plans and specifications for conformance with
district requirements.
Responsible
for the preparation and presentation of all financial documents, capital
improvement plans, construction and material specifications and standard
drawings, policy and procedure amendments, funding applications, and the
short-term and long-term planning of infrastructure and facility
improvements.
Ensures
the adherence to the fiscal year operating budget.
Reviews
and approves all expenses.
Acts
as district representative with developers.
Responsible
for the execution and enforcement of developer agreements and determining
the developer’s method of connection to district facilities.
Reviews
all construction plans and specifications for conformance with district
requirements.
Consults
with developers to facilitate continued rapid controlled growth in the
area.
Additional
duties and support as required.

COMPETENCIES
Detail-oriented, disciplined, accountable for results, and strong decision-making ability. Works well with others, great team player, and handles conflict/change with an open mind. Strong organizational and time-management skills, with the ability to prioritize tasks. Strong oral and written communication skills. Proficient in Microsoft Office applications, including Word, Excel, Outlook, etc.

MINIMUM QUALIFICATIONS

Comprehensive knowledge of the principles, practices, and methodology required to effectively design, construct, operate, and maintain a centralized water and wastewater utility. A Bachelor’s degree in Civil Engineering with a Professional Engineer’s License in Ohio and a minimum of 7 years of experience in water and wastewater field; OR A High School diploma or equivalent and a Class III Water Supply License, a Class III Wastewater Worker’s License, and 15 years of experience in water and wastewater field.

WORK ENVIRONMENT

This job operates in a professional office environment. This role routinely uses standard office equipment, such as computers, phones, photocopiers, filing cabinets, and fax machines.

PHYSICAL DEMANDS

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.
While performing the duties of this job, the employee is regularly required to talk or hear. The employee is frequently required to stand; walk; use hands to finger, handle, or feel; and reach with hands and arms.

This position requires the ability to occasionally lift office products and supplies, up to 20 pounds.

POSITION TYPE / EXPECTED HOURS OF WORK

This is a full-time position, and hours of work and days are Monday through Friday, 8:00am to 4:30pm. Hours are subject to change based on business needs.

To Apply:
Please submit your resume and cover letter detailing your credentials, experience, and references via email or mail. Position will be posted through May 15, 2020 or until filled.

Awards

Ohio Society of Professional Engineers 2018-2019 Awards

To view available awards and their deadlines go to the "Awards" tab on the left. Most of the award winners must be OSPE members.

Awards Manual

The Professional Engineers in Industry Practice Division of the Ohio Society of Professional Engineers is pleased to announce its 2019 Ohio New Product Award competition.

If your company has developed a new process or project it may be eligible for competition for state and national recognition. Nominations are grouped according to the size of the manufacturing company. Winners will be selected in four firm size categories. Judging is performed by the OSPE-PEI Awards Committee. Nominations must be submitted on the entry form, which you may also copy for multiple applications.
A state winner will be selected in each of the four firm size categories.
