#### Shaffer, Johnston, Lichtenwalter & Associates, Inc.: Civil Engineer

Shaffer, Johnston, Lichtenwalter & Associates, Inc., an Ohio-based civil engineering consulting firm, is currently looking for an experienced civil engineer for a full time position in our Wooster office for site, highway/street and drainage design. The successful candidate should have a bachelor's degree in civil engineering from an ABET-accredited institution, as well as having their EI or PE. Experience with AutoCAD, Microsoft Excel and Word a must. Being a licensed professional engineer and experience with SurvCADD a plus, although neither are required. SJL provides a 401k retirement plan, health and life insurance, paid sick and vacation time. We are an equal opportunity employer. Women and minorities are encouraged to contact us. Please contact John Long, PE, PS, our Wooster office manager, at 330-345-6377 or via email at [jlong@sjl-inc.com](mailto:jlong@sjl-inc.com).

Bayer Becker: Job  
Opening &ndash; Civil Engineer Project Manager

Experience  
Level: 5-9 years

Bayer  
Becker is one of the region's most highly regarded multi-disciplinary design practices, and we're looking for motivated individuals who enjoy a challenging and rewarding work environment.

Why Join The Bayer  
Becker Team?

A  
trusted and sturdy foundation

For almost 50 years, Bayer Becker has provided the highest quality professional design consulting services for the land development industry in the Greater Cincinnati area. We are committed to excellence and providing our employees with an opportunity to work on impactful projects as part of a highly skilled and dynamic team.

Shape  
the future of Greater Cincinnati

As a land surveyor with Bayer Becker, you have the unique position to help shape the development of communities in Greater Cincinnati. The region is growing faster than ever. Now is your chance to be a part of that growth. Leave your mark!

Be part  
of a diverse team

We offer Civil & Transportation Engineering, Land Surveying, Landscape Architecture, and Planning services for projects that cover a wide range of market sectors.

Uphold  
your values

Our team is bound together by core values of Integrity, Quality, Service and Continuous Improvement. We don't just post them on our wall &ndash; we live them every day, every job.

Get  
what you deserve

Bayer Becker offers a competitive salary and an excellent benefits package including medical, dental, vision, life insurance, HSA, 401(k), paid vacations and holidays, professional training, a profit sharing program and much more.

About the position

We are currently seeking a Civil Engineer Project Manager for full time employment in one of our four Greater Cincinnati office locations &ndash; Mason, Over the Rhine, Ft Mitchell, or Oxford.

Position Responsibilities:

- Leading project planning and scheduling
- Construction document preparation
- Project permitting
- Client communication
- Supervision of project technical staff

Position  
Qualifications:

- Strong electronic design skills (preferably Civil 3D)
- Civil engineering design skills with a focus on site planning, grading, utility systems, storm water management, sanitary sewer and water main design, and roadway improvements
- Ensures projects run smoothly and projects are completed within budget and on time
- Creative problem solving skills resolving design and development problems
- Extreme attention to detail
- Ability to effectively and professionally communicate verbally and written both internally

and with clients

- Ability to work independently and within a team environment

Position

Requirements:

- B.S. in Civil Engineering
- At least 5 years' experience in Civil Engineering
- Professional registration in the State of Ohio is preferred

Take The Next Step

If you are interested in joining the team at Bayer Becker, please e-mail a cover letter letting us know how you would complement our team, along with your resume to [recruiting@bayerbecker.com](mailto:recruiting@bayerbecker.com).

Bayer Becker is an Equal Opportunity Employer.

Ecology and Environment, Inc.: Senior Civil Engineer

Ecology and Environment, Inc. (E & E) is seeking a Senior Civil Engineer in Cleveland, Ohio. This position will support project work in the Great Lakes Region while assisting in the development of new business in Ohio. Our successful candidate will have related project management experience and strong leadership skills.

Responsibilities:

- Managing projects related to contaminated sediments, habitat restoration, hazardous waste sites, engineering designs, construction oversight, and site management
  
- Managing budget, forecasts, resources, and reporting for projects
  
- Ensuring that project teams work together to achieve results, providing leadership and direction, and identifying and resolving issues

- Understanding project contract requirements and assuring that commitments are met in accordance with the appropriate level of quality
  
- Providing project information and recommendations to senior management
  
- Planning and performing technical work requiring judgment and independent evaluation
  
- Developing project specifications and producing/reviewing design plans and details for moderate to complex designs
  
- Developing and analyzing design calculations and cost estimates
  
- Directing, coordinating, and delegating assignments to staff engineers, scientists, technicians, drafters, and other project-specific personnel
  
- Authoring technical documents, and reports, and proposals
  
- Managing client relations to develop new business opportunities

#### Requirements:

- Bachelor's or Master's Degree in Civil or Environmental Engineering
  
- Professional Engineer license (required) in Ohio (preferred)
  
- 10 – 15 years' related experience including contaminated sediment, dredging, habitat restoration design, hazardous waste sites remediation, green infrastructure, or storm water management, and planning
  
- Consulting and business development experience strongly preferred
  
- Creative problem solver with the ability to handle difficult situations, make critical decisions, and develop innovative solutions with minimal guidance

- Excellent leadership, strong interpersonal and verbal communication skill, and the ability to effectively and tactfully interact with employees at all levels of the organization
  
- Strong project management, data interpretation, and technical writing skills
  
- Ability to elicit cooperation from a wide variety of sources, disciplines, and experts including senior management, clients, and other departments
  
- Must be flexible to a variety of schedules and able to quickly adapt to change to meet business needs
  
- Ability to travel to support project needs

We are a global network of innovators and problem solvers, dedicated professionals and industry leaders

in scientific, engineering, and planning disciplines working together with our clients to develop

technically sound, science-based solutions to the leading environmental challenges of our time. E & E offers opportunities for growth in a team-oriented environment. Candidates must be eligible to work in the U.S.; Visa sponsorship will not be provided. Please view our website at [www.ene.com](http://www.ene.com) to apply on-line. Local candidates preferred.

Ecology and Environment, Inc. is an EO and AA employer &ndash; M/F/Vets/Disabled/and other protected categories.

Awards

Ohio Society of Professional Engineers 2013-2014 Awards

To view available awards and their deadlines go to the "Awards" tab on the left. Most of the award winners must be OSPE members.

Awards Manual

The Professional Engineers in Industry Practice Division of the Ohio Society of Professional Engineers is pleased to announce its 2014 Ohio New Product Award competition.

If your company has developed a new process or project it may be eligible for competition for state and national recognition. Nominations are grouped according to the size of the manufacturing company. Winners will be selected in four firm size categories. Judging is performed by the OSPE-PEI Awards Committee. Nominations must be submitted on the entry form, which you may also copy for multiple applications.

A state winner will be selected in each of the four firm size categories.

Nils Nilsson, PE, FNSPE, Chairman

Fred Tito, PE, OSPE President

Tim Schaffer, Executive Director
