June 2024

Vol. 82 No. 8

President's Message

Mehrdad Rowhani, P.E.

– FCC President

Our 2024 FCC-OSPE Awards and Installation ceremony will be held on Thursday June 6, 2024 at Giammarco's Italian Restaurant in Westerville. I urge all of you to attend the ceremony and meet with our new officers. These dedicated officers and trustees are ready to lead our programs in the upcoming year. I encourage you to continue supporting our programs and the new leadership team.

Our continuing professional development (CPD) program in May was presented by Rao Chitikela. I would like to thank Rao for his great presentation. Once again, I encourage you to check and renew your NSPE/OSPE membership, update your contact information as needed, and participate in our programs. We need more volunteers to support our Chapter.

As I sign off as the President for the 2023-2024 administrative year, I would like to appreciate you all for the opportunity to serve and wish the new President and officers the best of luck. Special thanks to our board members, officers, and volunteers for their contribution and efforts to ensure our programs achieve their main goals which are promoting engineering and protecting your rights as licensed engineers.

Mehrdad Rowhani, PE, PMP
OSPE-FCC President

FCC-OSPE Officer/Trustee

Installation and Awards

Dinner Meeting

The Ohio Society of Professional Engineer's Franklin County Chapter (FCC) would like to invite you to the Awards and Officers/Trustees Installation Dinner Meeting. Please join us for an Italian family style dinner and desert.

This event will be held at GIAMMARCO'S Italian Restaurant 6030 Chandler Court Westerville, OH 43082 from 6:30 pm to 9:30 pm on Thursday, June 6. Registration begins at 5:30. All award recipients and FCC-OSPE members are welcome to attend, and you can bring a plus one! The dinner event is free for all attendees. **Please RSVP by Thursday May 23. Contact Rao Chitikela at sraochitikela@gmail.com. (Seats are limited!)**

This is the official event for the installation of the officers and trustees of the FCC-OSPE for the 2024-2025 year. Each officer and trustee will be asked to recite the Engineer's Creed, and then they will be officially recognized for their position starting in July. Additionally, as part of the evening, we will be handing out several awards to FCC members and guests who have proven excellence in a particular engineering field.

Again, please join us for dinner, installation, and awards!

Space is Limited to the first 25 people to Register.

You must register to attend. If you have any questions, please contact Rao Chitikela at sraochitikela@gmail.com.

The Franklin County Chapter of the Ohio Society of Professional Engineers is honored to be able to recognize the following PEs with awards:

2024 FCC-OSPE Young Engineer of the Year Award

Derek C. Kiss, P.E.

The FCC-OSPE Young Engineer of the Year award is presented in recognition of outstanding professional accomplishments of Ohio's Young Engineers and is based on the recipient's scholastic achievement, accomplishments in Professional and Technical societies, civic and humanitarian activities, Engineering work, accomplishments and continuing competency, and technical papers and patents.

This year's recipient is Derek C. Kiss, P.E. Derek is a recent addition to NSPE/OSPE/FCC-OSPE having joined the society on December 1, 2022. However, his presence within our local Franklin County Chapter has been felt. About a year and a half ago, Derek started attending our monthly Chapter Luncheons as a Guest where he was welcomed by many of our Board members. Derek was approached about becoming a member of NSPE/OSPE/FCC-OSPE and he chose to join. Derek was invited to attend our FCC-OSPE Board meetings as a guest where his input and ideas were welcomed. As a Young Engineer/Young Professional, Derek has been

- Continued, page 3

FCC Awards, continued -

extremely successful in inviting other engineers to our monthly Chapter luncheons where they can receive 1 CPD hour toward their Continuing Education requirements for their PE license.

Derek C. Kiss, P.E. received a Bachelor of Science in Civil Engineering from The Ohio State University in May of 2014. He has approximately 9 years of Engineering experience and has his PE License in nine states: Florida, Kentucky, Louisiana, Massachusetts, Michigan, Ohio, Pennsylvania, South Carolina and Virginia. He is currently working in the Worthington, Ohio office of Civil and Environmental Consultants (CEC) as a Project Manager on small commercial and/or city utility projects. Derek is a skilled civil engineer designing site civil design projects, public and private utilities, roadway improvements, private commercial site design, institutional utility projects, public infrastructure condition assessment/ rehabilitation, feasibility studies, floodplain management studies, large diameter sewer studies, construction administration, construction inspection, construction field testing, and City Engineer support Services.

Derek supports CEC’s engineering efforts for capital improvement projects for various communities. He is an experienced engineer familiar with sound engineering practices related to a variety of public infrastructure projects. He has designed and developed construction plans and specifications for roadway improvements, sanitary and storm sewer improvements, pump station improvements, and water distribution system improvements, among others. He has also performed engineering design calculations, construction cost estimates, data collection, construction management, construction inspection, and field testing of equipment. He has a variety of different engineering experiences ranging

from preliminary investigations and studies through construction closeout, providing him a unique perspective of all the various aspects of a project. In Letters of

Recommendation received supporting Derek’s nomination as the Franklin County Chapter of OSPE’s 2024 Young Engineer of the Year, it was stated that Derek not only exhibits technical, engineering competence but he also displays commitment and support to colleagues and to customers.

In 2023 when our FCC-OSPE Nomination Committee was searching for candidates to fill the 2023-24 elected positions, Derek’s name immediately came into the discussion as it was agreed that the Nominating Committee wanted to work Derek into a Board position as he brings the Young Engineer/Young Professional view into the Chapter. For the 2023-2024 Fiscal Year, Derek was voted in as our FCC-OSPE Secretary and for the 2024-2025 Fiscal Year, he is the Chapter’s Vice-President/President-Elect. In a very short time period, Derek has made a positive impact to our Chapter.

Congratulations Derek Kiss, P.E., 2024 FCC-OSPE Young Engineer of the Year Award recipient!!

2024 FCC-OSPE Citation Award

Joseph Bolzenius, P.E., P.S.
The Franklin County Chapter of OSPEs (FCC-OSPE) Citation award is the highest honor that the Society bestows upon an Engineer.

- Continued, Page 4

FCC Awards, continued –

The FCC-OSPE Citation award is presented to a Franklin County Chapter member with distinguished leadership in the Engineering Profession and in appreciation of selfless devotion to the highest ideals of service to Society and to Fellow Man; and for sustained contributions to the technical and professional aspects of the Engineering Profession. The recipient for this award shall be an Ohio Professional Engineer and shall not hold an elected office in the Chapter or be a Chapter Director of OSPE at the time the award is received. This PE shall not be a candidate for election to a public office nor shall hold an elected public office at the time the award is received.

This year's Citation Award recipient is Joe Bolzenius, P.E., P.S. Joe has been active in OSPE/FCC-OSPE since he joined on July 25, 2000. Joe received his Ohio Professional Engineer's license on July 8, 1991 and his Ohio Professional Surveyor's license on July 1, 1993. Joe also has PE licenses in five additional states including Indiana, Kentucky, Michigan, Pennsylvania, and West Virginia.

Joe served as President of FCC-OSPE for two consecutive terms from 2002 to 2004. Joe has also served as Chapter Vice-President for 5 years, Treasurer and MATHCOUNTS Chapter Coordinator from 2007 to 2017. Joe continues to be involved in the Chapter MATHCOUNTS program as Co-Coordinator and you will always see Joe in the Scoring Room at the Chapter and State competitions as well as he staffs the A/V equipment for the Countdown Round at both, the Chapter and State competitions. Joe has also been involved with the Future City Competition since 2008 and currently serves as the President of the Central Region Future City Competition. Joe continues to be active at the State and Chapter levels in other programs by

volunteering for the FCC-OSPE Engineer For A Day (EFAD) and as a Regional Science Day judge.

For his contributions over the years, Joe has been awarded the following recognitions:

- OSPE Meritorious Service Award (2008)
- OSPE Professional Engineering Management Award (2017)

Joe graduated from Ohio State University with a Bachelor of Science in Civil Engineering in March 1987. Joe is currently working for The Mannik and Smith Group as the Ohio Roadway and Bridge Leader. In this position, he is responsible for all staff (approximately 20) in the Roadway and Bridge groups in Ohio. This work covers transportation related projects including highways, bridges, and rail projects. Joe is responsible for business development, project management, and various technical activities related to street lighting, right-of-way plans and various structural design projects throughout the State of Ohio.

Joe is a Senior Project Manager with over 30 years of engineering experience in preliminary studies, final design, and construction of projects including a variety of transportation specialties. He is currently pre-qualified by ODOT for: complex roadways, complex lighting, complex right-of-way, Level 2 bridge design, traffic signal design, safety studies, interchange justification studies, and pedestrian and bicycle path design. Prior to joining The Mannik and Smith Group, Joe was the Ohio Civil Group Leader at WSG-USA, the Ohio Director of Transportation at Patrick Engineering, Inc, a Vice President at Dynotec, Inc, an Office/Plant Manager at Jacobs Civil, Inc., and a Director of Design Services at Resource International, Inc.

*Congratulations Joe Bolzenius, P.E., P.S., 2024
FCC-OSPE Citation Award recipient!!*

FCC Awards, continued –

2024 FCC-OSPE Uncommon Engineer Award

Joseph Sullivan, P.E.

The FCC-OSPE Uncommon Engineer award recognizes the long and distinguished service to the engineering profession; devotion and commitment to the state society and the local chapter; high standards of professionalism; and guidance in the role of a team player. The candidate must be a registered PE and must be a member in good standing with OSPE. This is one of the highest awards that can be bestowed upon a Professional Engineer.

This year’s award recipient is Joe Sullivan, P.E. Joe received his Ohio Professional Engineer’s license on September 26, 1987 and has been active in NSPE/NSPE-OH/FCC-OSPE and the Engineer’s Foundation of Ohio (EFO) since he joined the society on October 1, 1988. For NSPE-OH, Joe has served in the past as a Professional Engineers in Private Practice (PEPP) Trustee and as State Science Day Judge. For EFO, Joe has served for many years on the Scholarship Committee and has been instrumental in completing Scholarship grading across the entire state of Ohio as many Chapters do not have Scholarship committees to complete the grading on the applications received. On the Chapter level, Joe has served as Vice-President for multiple years, Treasurer for 2 years, FCC Endowment Fund Committee member, Scholarship Committee Chair for many years, Regional Science Day Chair, and MATHCOUNTS proctor for many years.

For his contributions over the years, Joe has been awarded the following recognitions:

- FCC-OSPE Young Engineer of the Year Award (1990)
- OSPE Meritorious Service Award (2006)
- OSPE Citation Award (2013)
- OSPE Professional Engineering Management Award (2019)

Joe graduated from Ohio University with a Bachelor of Science in Civil Engineering in 1982. Joe is currently serving as a member on the Ohio University Russ College of Engineering, Civil Engineering Department Curriculum Advisory Board, a position that he has held since 1998. Joe is also on the Board of the Ohio Research Institute for Transportation and the Environment (ORITE), a position that he has held since 2014. In addition to serving on these two boards, Joe is also serving on the Board of Directors for the ACE (Architecture, Construction and Engineering) Mentorship program of Central Ohio since 2015.

Joe is currently the Vice-President, Strategic Pursuits – Transportation Leader Regional Operations of Ohio for ms consultants, inc. In this position, he is responsible for overseeing the design and providing the technical review for a variety of transportation projects. His Engineering expertise encompasses most aspects of Transportation related Infrastructure projects. Joe is currently the Project Principal for the Ohio Department of Transportation (ODOT) \$300 million, “Big Build” project and he has been instrumental in this Project’s success which is showcasing his Strategic Vision and meticulous attention to detail.

A common thread throughout the Letters of Recommendation received were that Joe has displayed exemplary service and dedication to the Ohio Society of Professional Engineers for several years while also displaying leadership within the

- Continued, Page 6

FCC Awards, continued –

Community. Joe has a solid reputation for leading complex, national projects with unmatched quality in his technical work and superb Project Management skills.

Thomas P. Mosure, Jr. P.E., P.S., Chief Growth Officer at ms consultants, inc., stated in his Letter of Recommendation for Joe Sullivan:

His career is a narrative of uncommon challenges met with uncommon skill and dedication. The breadth of his impact, from leading national teams to spearheading major infrastructure projects and nurturing the next generation of engineers through mentorship, exemplifies the very essence of the 'Uncommon Engineer.' Mr. Sullivan is not just a participant in our profession; he is a pillar of it, embodying the innovation, leadership, and commitment that this award seeks to recognize.

None of us can summarize this any better.

Congratulations Joe Sullivan P.E., 2024 FCC-OSPE Uncommon Engineer Award recipient!!

We are engineers. We are scientists.
We are designers. S&ME has the versatility you need and the experience that matters.

2024 FCC-OSPE Outstanding Engineering Achievement Award

The FCC-OSPE Outstanding Engineering Achievement Award is presented in recognition for outstanding engineering accomplishments in manufacturing, construction or design, or combinations thereof. The project must have been completed during the calendar year preceding the award, i.e. for this 2024 Award, the project must have been completed in 2023. The project location may be outside of the Chapter area however, the majority of the project work (i.e. Project Management, Design, Engineering, etc.) must be completed by a company(ies) located within the Chapter area.

The 2024 FCC-OSPE Outstanding Engineering Achievement award is being presented to Civil & Environmental Consultants, Inc. (CEC), Worthington office for the Ross County Correctional Institution Improvements project. The project's multifaceted nature, addressing structural, mechanical, electrical, and plumbing issues, showcases a comprehensive and integrated engineering approach.

- Continued, Page 7

FCC Awards, continued -

CEC played a pivotal role in providing professional services to assist the Ohio Facilities Construction Commission (OFCC) and the Ohio Department of Rehabilitation and Correction (DRC) in addressing several critical challenges within the Ross County Correctional Facility.

Ross Correctional Institution sought assistance to address the structural, mechanical, electrical and plumbing issues that this facility is experiencing. CEC was chosen to provide professional services to assist the Ohio Facilities Construction Commission and the Ohio Department of Rehabilitation and Correction to address these issues, and others as they may arise during the course of the work, which was in excess of \$5M total project cost. Deteriorating concrete beams are being patched, leaking plumbing is being replaced, sprinkler systems, lighting and audio systems are being replaced, electrical wiring and conduits inspected and replaced as necessary, floor drains inspected and replaced, and acoustical ceilings replaced.

SERVICES PROVIDED:

- Program Verification and Schematic Design
- Emergency Structural Assessment
- Site Investigation and Coordination Meeting
- Supplemental Investigation/Assessment
- Structural Engineering
- Construction Support/Discovered Conditions
- Mechanical Engineering
- Design Development and Construction Documents
- Construction Administration
- Industrial Consultation and Investigation - CEC provided additional Mechanical, Electrical, and Plumbing (MEP) and Structural support, consultation, and

coordination during the project.

As additional investigation and design efforts arise due to the unusual nature of this project, CEC is providing the additional services.

The project's success was not only defined by the technical prowess exhibited but, also by its positive impact on the overall functionality and safety of the Ross Correctional Institution. The meticulous inspection and replacement of electrical wiring, conduits, floor drains, and acoustical ceilings underscore a commitment to creating a secure and state-of-the-art environment. By integrating various engineering disciplines, this Project serves as a model for addressing complex challenges within critical infrastructure, setting a high standard for excellence that aligns with the goals of the Ohio Outstanding Engineering Achievement Award.

Congratulations to CEC, 2024 FCC-OSPE Outstanding Engineering Achievement Award recipient!

The applications for these 4 FCC-OSPE awards have been forwarded to OSPE for consideration at the State level for the equivalent State award. The State award winners will be revealed during the Awards Luncheon on Saturday, June 15th at the Embassy Suites Hotel – Airport, Columbus Ohio. Support our Chapter Award recipients by attending this OSPE Awards Luncheon to see if these nominations are also winners at the State Level!

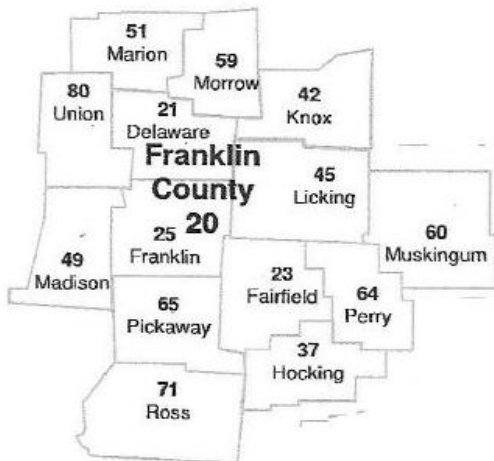

Congratulations to all of the 2024 Franklin County Chapter Award recipients!!
