# Columbus Engineer

Official Publication of the Franklin County Chapter of the Ohio and National Societies of Professional Engineers

## PRESIDENT'S MESSAGE

By Paul F. Junk, PE, PS, FCC President

This is the kick off of an exciting year. I welcome all members to get active and help create the best year for the chapter. We need the participation of all members. The older members should take a younger member under his wing. We need to encourage and guide them to get active in the projects we have.

There are some big projects coming up we will need a lot of manpower. MathCounts and Second grade coloring contest come to mind as a couple of examples. Look for a younger member in your business and social contacts.

This month let's get started with our board meeting and luncheon. All the organization's business is done at the board of directors meeting. This is where the active members should be. Look for the luncheon. This is where you can earn the CPD's needed to continue your license. This month the new professional engineers' get their Certificates at the Ohio Statehouse on August 29<sup>th</sup>. Come join the fun of participating. It would be a chance to help start a young engineer on his career.

## Program Launch: Imagine Engineering

In a few months the Imagine Engineering Coloring contest information for 2<sup>nd</sup> grade elementary students will be sent to various schools in the Franklin County Chapter Area. We are in need of chapter members to make arrangements the schools that want to participate and present the program. The elementary students are eager to learn about simple machines and see some demonstrations. This is ideal for retired engineers, young practicing engineers. It is very rewarding to see the expression on their faces when a demonstration is completed. Please let Devon Seal know if you can volunteer to help do the presentation. Detail information is available to help you or you can be paired with an experienced person do the presentation. Contact Devon Seal, Chair Imagine Coloring Contest, email: [devon\\_seal@qspnet.com](mailto:devon_seal@qspnet.com), cell phone 614-208-6986.

## 2016 Engineer For A Day

During Engineers Week in 2016, Franklin County Chapter of the Ohio Society of Professional Engineers, in cooperation with the Engineers Foundation of Ohio and Engineers Week, will offer the "Engineer For A Day" program to high school students — juniors and seniors—who are interested in engineering as a career.

The purpose of the program is to provide interested high school students with the opportunity to spend a day with an engineer in order to observe, firsthand, engineering in practice. This is a career guidance program, and one of great importance to young high school students. This program will aid in helping the students make the decision as to whether or not they would like to be an engineer.

**Chapter Members please check with your organization to see if your organization will take students for a day. Advise Charles Ohrstedt, EFAD Chair, [mohrstedt@sb-cglobal.net](mailto:mohrstedt@sb-cglobal.net), cell phone 614-262-4662 with organization name and contact person details .**

## FCC Auxiliary September Meeting

The Auxiliary to the Franklin County Chapter of OSPE has scheduled a noon luncheon on Tuesday, September 15, 2015, at Brookside Country Club, 2770 West Dublin- Granville Rd.

Richard Barrett of the Columbus Historical Society and a collector of Columbus postcards will present the program. June Gray is to be hostess, and Barb Fuller will give the invocation and lead the pledge of allegiance. Spouses of Chapter members and interested guests are always welcome to attend.

Our programs tend to be interesting; food and fellowship are great. One purpose of the Auxiliary is to raise money for engineering student scholarships. To make a reservation, call Jean Mitchell, 614-262-7071.
