

VOL. 69
NO. 1

Columbus Engineer

Official Publication of the Franklin County Chapter of the
Ohio and National Societies of Professional Engineers

PRESIDENT'S MESSAGE

By Howard Jones, P.E. / FCC President

Chapter Members your Officers and Committee Chairs are very enthused about this year's program. We have scheduled various continuing professional development programs to help you renew your Ohio Professional Engineers license.

If you have ideas for future programs please contact the Program Chairperson, Devon Seal.

MATHCounts is one our most visible activities and requires a tremendous support from you, the members. Please consider giving your time to support to this worthwhile endeavor. You will be amazed at mathematical capabilities of these 6th, 7th and 8th graders. Contact Joe Bolzenius for more details.

The Imagine Engineering contest provides an introduction of engineering to 2nd grade students. Consider volunteering your support by going into a 2nd grade classroom for an hour

and explaining that "all engineers don't drive trains" to the students. Contact Ismail Jallaq for any questions and to volunteer.

The Chapter has a scholarship program for deserving high school students. You can participate by helping grade the student applications.

The Chapter will participate in the "Engineer For a Day" program and the Engineer's Week Luncheon in February 2011. I encourage you to participate in both activities.

Your participation is expected and definitely will be appreciated. Volunteering for the many programs the chapter is involved is very rewarding to both you and the recipients. Included in this issue are the Officers and Committee Chairs and their contact information and the 2010 -2011 Calendar. I look forward to seeing you at our September Luncheon Meeting (see details below).

FCC-OSPE September Luncheon Program

DATE: Thursday, September 30, 2010
PLACE: The Hickory House
550 Officecenter Place, Gahanna
TIME: Registration: 11:30 am
Lunch: 11:50 am
Speaker: 12:05 pm
Closing Remarks: 12:55 pm

COST: Advance Reservation: Members: \$20.00
Non-Members: \$30.00. Call Chapter at 470-4170 or
email registration information to OSPEFCC@aol.com
by Sept. 24. Please include name and phone number.
Pay at the door (check payable to FCC-OSPE)

PROGRAM: "Construction Reform -new Ohio law; HB 318,
section 8"

SPEAKER: Todd Mace | PE, LEED AP, Managing Principal,
Dynamix Engineering. Todd Mace obtained a Bachelor of
Science degree from West Virginia University. Todd is a
registered engineer in many states including Ohio and Illinois
and has over 25 years of experience.

Improving communication between the Owner and the design team is one of Todd's main priorities. Under his leadership the company developed the "CCW", a web application that streamlines communication between Dynamix, contractors, and clients.

Todd established the golden rule policy that requires employees to answer questions within 24-hours of initial contact. The Knowledge Group was formed under Todd's tutelage. The Knowledge Group; a skilled employee think tank, is tasked with helping maintain industry leadership and growth within the company's design groups.

Todd promotes new concepts including geothermal systems, chilled beams and new and reusable ways to use energy. He has been at the forefront of the energy efficiency and sustainability movement before the general public was aware of the need for sustainable design.

Todd is health conscious and enjoys playing golf.

A certificate for 1 hour of Professional Development for attending the program will be presented at the luncheon.

Exacter, Inc. Wins OSPE PEI New Product Award

FCC requested Exacter, Inc. submit an application for the OSPE New Product Award early March. Exacter submitted the application and won.

Exacter, Inc, located in Columbus, Ohio, is a provider of outage-avoidance and grid smart enabling technology and services to the electric utility industry. The EXACTER system utilizes advanced sensory-array technology to provide early warning of failing overhead distribution equipment such as transformers, regulators, insulators, cutouts, lightning arrestors, switches, construction errors and more. Geospatial mapping provides location data and problem severity for maintenance prioritization and outage avoidance. Exacter has surveyed over two million poles across North America. Field test data shows that Exacter failing equipment findings are 97.8% accurate. For more information contact John Lauletta, CEO at jlauletta@exacterinc.com

SEPT. AUXILIARY EVENT

The Auxiliary to the Franklin Co. Chapter of OSPE will meet on Tuesday, Sept. 21 at noon, at LaScala Restaurant, 4199 W. Dublin-Granville Rd. The cost is \$17.00.

Speaker will be Ed Lentz, historian. He will talking about the "Changes in Columbus Through the Years."

Marlene March will be hostess, and Elizabeth Vaughn will have the invocation and lead the pledge of allegiance.

Guests and interested prospective members are always welcome and may make a reservation with Jean Mitchell at 614-262-7071.

Proudly Display You Are A PROFESSIONAL ENGINEER

Frame your
license plate
with a black frame and
raised white letters.

Obtain one for your spouse, an associate, friend, son, or daughter who is a Professional Engineer.

Donation \$5.00 Ea. (Plus Shipping and Handling)
Contact: Franklin County Chapter, P.O. Box 69,
Reynoldsburg, OH 43068-0069 or Email:
OSPEFCC@aol.com

OSPE Family Event

Bring the family and join us at the Columbus Square Bowling Palace for Bowling on October 2,, 2010 at 12:00 pm for some bowling fun.

Bowling is \$4.00 per game per person. (Cost includes bowling shoes.) Call the chapter at 470-4170 or email registration information to OSPEFCC@aol.com by Sept. 24, 2010. Please include your name and phone number, and the number of people attending so that we reserve enough lanes for everyone.

The Columbus Square Bowling Palace is located at 5747 Forest Hills Blvd., Columbus Ohio 43231
