

MATHCOUNTS

MATHCOUNTS is a nationwide middle school math enrichment and competition program that challenges students through three progressive levels of contests: Chapter, State, and National. Each February, thousands of sixth, seventh, and eighth grade students begin at the Chapter level—competing as individuals or as part of a team—in fast paced problem solving rounds for the chance to advance.

Top performers from the local Chapter competitions move on to the Ohio Competition in March—an exciting, high energy event that brings together the state’s strongest mathletes to celebrate their hard work and compete for the opportunity to represent Ohio at the prestigious National MATHCOUNTS Competition. The top four individuals at the Ohio State Competition earn the honor of advancing to Nationals, where they will compete against the best teams from across the country.

Together, the Chapter, State, and National levels create a powerful pathway that builds confidence, fosters collaboration, and inspires a lifelong love of mathematics.

2026 STATE COMPETITION DATA:

WHERE: The OhioMATHCOUNTS competition is scheduled for Saturday, March 7, 2026 at The Ohio State University, Columbus,

Ohio. **Schedule:** Check-in runs from 8:30-10:00 AM.

Testing begins at 10:45 AM. The day should close by 4:00 PM.

RULES: To compete, students must be registered as part of a team or as an individual. Only registered (paid) students may compete. It is of utmost importance that the coaches and mathletes are familiar with the MATHCOUNTS School Handbook, particularly the section entitled "MATHCOUNTS COMPETITIONS." We will be abiding by these rules regarding eligible participants, substitutions, etc.

SPECIAL NEEDS: We need to know of any special needs of the participants as soon as possible. Please call the Engineers Foundation of Ohio at 614-223-1177 with this information.

LUNCHES: The coaches and mathletes will be provided with lunch free of charge.

QUESTIONS: For any questions concerning OhioMATHCOUNTS, please contact the Engineers Foundation of Ohio via phone (614-223-1177) or e-mail (efo@ohioengineer.com).
